28 **STIPULATION AND ORDER TO SEEK LEAVE TO FILE PROPOSED DISCOVERY  
PLAN AND SCHEDULING ORDER AND EXTEND TIME TO FILE PROPOSED  
JOINT PRETRIAL ORDER (First Request)**

29 Pursuant to Local Rules IA 6-1 and IA 6-2, IT IS HEREBY STIPULATED AND  
30 AGREED, by and between Plaintiff Kathryn Mayorga, through her attorney Leslie Mark Stovall,  
31 Esq., and Defendant Cristiano Ronaldo, through his attorneys, Peter S. Christiansen, Esq.,  
32 Kendeelee L. Works, Esq. and Keely A. Perdue, Esq., that the Parties seek permission from this  
33 Court to file a proposed discovery plan and scheduling order and to extend the November 30,  
34 2020 deadline for filing a joint pretrial order. This is the first request for such relief.

35 In its Order Sustaining in Part Objection and Adopting and Modifying in Part Report &  
36 Recommendation (ECF 72), this Court, in relevant part, “declined to adopt the magistrate judge’s  
37 recommendations that ... Mayorga’s mental-capacity challenge against arbitration must be

1 determined by an arbitrator..." ECF 72 AT 27:14-15. The court further concluded Mayorga failed  
2 to comply with the Federal Arbitration Act's procedures for requesting a jury trial on the mental  
3 capacity issues, and thus, ruled the court will proceed to resolve mental capacity by way of a  
4 bench trial. ECF 72 at 23:9-10. The order instructed the parties to meet and confer, consult with  
5 the Courtroom Deputy and on or before November 30, 2020, file a "joint proposed pretrial order."

6 The parties initially met and conferred on October 6, 2020, regarding the joint proposed  
7 pretrial order. At that time, counsel discussed the scope and parameters of the discovery each  
8 side believes is necessary to be prepared to effectively litigate the issue of mental capacity at the  
9 time of trial. While the parties dispute the scope and extent of discovery necessary to effectively  
10 try the issue of mental capacity, counsel for both sides agree some amount of discovery is needed  
11 in order to be prepared to present evidence on the relevant issues.

12 More specifically, this Court noted Mayorga provided written statements from both a  
13 psychiatrist and a therapist she treated with during the past five years, both of which opined she  
14 lacked the capacity to contract at the time she signed the subject settlement agreement. She also  
15 offered a written statement from a therapist who treated her shortly after the alleged assault and  
16 for many years thereafter. That therapist indicated she is not an expert in determining legal  
17 capacity to contract but stated she could provide "evidence relevant to the circumstances"  
18 surrounding the execution of the agreement. Lastly, the court acknowledged Mayorga provided  
19 declarations from her mother and brother, who made statements regarding Mayorga's mental  
20 capacity both then and now. Based on the foregoing, the court concluded Mayorga, "has shown  
21 she can present evidence from which a reasonable trier of fact could conclude that she lacked the  
22 mental capacity to contract." Counsel for both parties agree that discovery is needed to ascertain  
23 the nature and extent of any facts and evidence tending to either prove or refute that allegation.

24 For example, if Mayorga is permitted to offer expert testimony from her treating  
25 therapists, Defendant should be afforded the opportunity to depose those experts and disclose his  
26 own rebuttal expert(s). To avoid trial by ambush, both sides should have the opportunity to  
27 depose relevant fact witnesses, including Mayorga's prior counsel and the mediator, both of  
28 whom had direct contact with Mayorga during the time in which the settlement agreement was

1 negotiated and/or executed. To that end, the parties have worked together to prepare a proposed  
2 discovery plan and scheduling order setting forth their respective positions on the issue, a copy  
3 of which is attached hereto as **Exhibit A**.

4 Because both parties agree discovery is necessary to be prepared to present their respective  
5 evidence and arguments at the time of trial, Plaintiff and Defendant jointly request permission to  
6 submit Exhibit 1 for this Court's review and approval. Additionally, the parties respectfully  
7 request that consistent with the proposed discovery plan, this Court extend the November 30,  
8 2020, joint pretrial order deadline until 60 days after the close of discovery. This request is made  
9 in good faith and not for the purposes of delay.

I

III

## **ADDITIONAL VOLUNTARY DISCLOSURES (Disputed)**

#### **1. Educational Records**

## **DISCOVERY (Disputed)**

11

#### **A. Scope of Discovery.**

12

13       1. Plaintiff's position is that discovery on the issue of capacity includes the  
14                   condition of Plaintiff and Defendant's knowledge of Plaintiff's condition  
                 during the period of time the settlement agreement was negotiated and  
                 entered into.

15

16           2. Defendant's position is that the only discovery relevant to Plaintiff's  
17 capacity to enter into the Settlement and Confidentiality Agreement  
18 ("SCA") is limited to Ms. Mayorga's medical, psychological, and cognitive  
19 functioning from June 2008 through December 31, 2010. June 2008 is one  
20 year prior to the alleged sexual assault at issue. The parties mediated this  
21 matter in January 2009, but the SCA was not fully executed until September  
22 2010. Accordingly, Defendant asserts that Plaintiff's capacity in the year  
23 prior to the alleged incident as well as throughout the negotiation and  
24 execution of the SCA are relevant to this Court's determination regarding  
25 her capacity to contract. Defendant notes that Plaintiff continues to  
maintain she lacks capacity, thereby arguably placing at issue her  
psychological and cognitive function from the negotiation and execution of  
the SCA through present. However, Defendant reads this Court's  
September 30, 2020 Order (ECF. 72) as intended to limit trial, and thus, the  
discovery necessary at this juncture, to only the issue of Plaintiff's legal  
capacity at the time she entered into the SCA in 2010.

23

26

1

27

Defendant further objects to Plaintiff's request to depose Defendant and/or his Counsel. In ECF 72, this Court affirmed the Magistrate's striking of documents protected by the attorney-client and work product privileges, which specifically stated, "Under these circumstances, the Court does not find that Defendant waived the attorney-client privilege by either not

1 protecting the documents from a hack or by putting them at issue in this  
2 litigation.” ECF 67 at: 8:27-91. Likewise, Defendant has never placed his  
3 attorney’s mental thought processes or attorney client communications at  
4 issue and thus, Plaintiff should not be permitted to depose his counsel in an  
5 attempt to invade such privileges. Moreover, neither Defendant nor his  
6 counsel ever had direct communication with Plaintiff at the time of  
mediation or negotiation of the SCA and thus, none have any knowledge  
relevant to whether Plaintiff had legal capacity to contract during the  
relevant timeframe.

7 **B. Plaintiff’s Proposed Discovery Plan (See *Exhibit 1*)(Disputed).**

8 **1. Supplemental disclosures.**

9 Plaintiff would make supplemental disclosures releases within 30 days of  
10 the court’s approval of the discovery plan. Plaintiff anticipates that  
11 collection of documents with releases or subpoenas would take  
approximately 90 to 120 days due to delays caused by the COVID – 19  
12 pandemic, the national election and winter holidays. Both parties agree to  
13 supplement disclosures with documents and witnesses, including all  
14 documents collected by use of releases or subpoenas, no later than 120 days  
from the court’s approval of a discovery plan – that is on or before

15 **2. Depositions.**

16 Plaintiff seeks the deposition of the following witnesses regarding their  
17 observations of Plaintiff’s behavior:

- 18 a. John Lavelly, Jr., Esq.
- 19 b. Yael E. Holtkamp, Esq.
- 20 c. Paulo Rendeiro, Esq.
- 21 d. Francisco Cortez, Esq.
- 22 e. Carlos Osario De Castro, Esq.
- 23 f. Richard Wright, Esq.
- 24 g. Joseph Bongiovi, Esq.
- 25 h. Micheala Woods, Esq.

26 Plaintiff would commence depositions within 30 days of the court’s  
27 approval of a discovery plan. Plaintiff anticipates completion of depositions  
28

would take 120 to 180 days due to travel restrictions in North America and Europe. Plaintiff would agree to digital/video depositions to shorten the time needed to complete depositions.

**3. Written Discovery.**

Written discovery permitted by FRCP 31,33, 34, and 36. Plaintiff reserves the opportunity to apply to the court for examination of documents and electronic equipment pursuant to FRCP 35.

**4. Expert Disclosures.**

Plaintiff suggests that expert disclosures be made within 60 days of the collection of documents following supplemental disclosures, 30 days for rebuttal expert disclosures and 30 days thereafter for expert depositions. That would be 150 to 180 days from the court's approval of a discovery plan for initial expert disclosures, 180 to 210 days for disclosure of rebuttal expert opinions and 210-240 days to conduct depositions of experts.

**5. Close of Discovery.**

Close of discovery to correspond with the last date for expert depositions. That would be 210 to 240 days from the date of the court's approval of a discovery plan.

**6. Dispositive Motions.**

Plaintiff suggests that dispositive motions be filed within 45 days of close of discovery.

**C. Defendant's Proposed Discovery Plan (Disputed)**

**1. Defendant's Initial Disclosures**

Defendant will make initial disclosures on or before November 30, 2020.

**2. Plaintiff's Records.**

Defendant seeks releases/authorizations for records from Plaintiff's employers, the IRS, medical, psychological and/or counseling providers from June 2008 to December 31, 2010. Defendant proposes that Plaintiff provide these authorizations on or before November 30, 2020.

1                   **3. Supplemental Disclosures.**

2                   Defendant proposes that Plaintiff provide supplemental disclosures on or  
3                   before November 30, 2020. Plaintiff identified 66 potential witnesses in her  
4                   Initial Disclosures, several of which appear to be Plaintiff's family, friends  
5                   and/or acquaintances but are listed generally as being "expected to testify  
6                   the [sic] facts and circumstances surrounding the sexual assault that is  
7                   subject of this lawsuit," and for which no contact information is provided.  
8                   Defendant requests that Plaintiff provide supplemental disclosures to  
9                   identify those witnesses that may have knowledge that is relevant and/or  
10                  likely to lead to the discovery of relevant and/or admissible evidence  
11                  probative of Plaintiff's mental state and capacity during the relevant time  
12                  frame. Defendant further requests that Plaintiff provide current contact  
13                  information for all such witnesses, as well as her medical providers,  
14                  psychological and/or counseling providers, and employers and supervisors  
15                  from June 2008 to December 31, 2010.

16                   **4. Close of Discovery.**

17                   Defendant proposes the close of discovery as June 30, 2021. Consistent  
18                  with LR 26-1(b)(1), this date is 180 days from the date on which Plaintiff  
19                  will provide supplemental disclosures and authorizations for the release of  
20                  relevant records.

21                   **5. Depositions.**

22                   Defendant intends to take depositions of the following individuals regarding  
23                  their knowledge of Plaintiff from June 2008 to December 31, 2010:

- 24                  a. Plaintiff Kathryn Mayorga
- 25                  b. Friends and family of Plaintiff as identified by Plaintiff as having  
26                          knowledge regarding Plaintiff's behavior and mental capacity  
27                          during the relevant timeframe.
- 28                  c. Plaintiff's medical providers during the relevant timeframe,  
                        including but not limited to her psychological and/or counseling  
                        providers.
- 29                  d. Plaintiff's employers and supervisors.
- 30                  e. Micaela Rustia Moore (formerly known as Micaela Trammel and/or  
31                          Micaela Wood) (Plaintiff's attorney during the mediation and  
32                          settlement negotiations giving rise to this litigation).

- 1                   f. Joseph Bongiovi, Esq. (the mediator who conducted the mediation  
2                   that lead to the SCA at issue in this litigation).
- 3                   g. Norton A. Roitman, M.D.
- 4                   h. Tammie S. Roitman, EDS, CCHT
- 5                   i. Nancy Sargent Hunterton, MFT
- 6                   j. Jane Heenan, MS, MFT
- 7                   k. Any expert witnesses to be disclosed by Plaintiff
- 8                   l. Any other witnesses later identified that may possess knowledge  
9                   relevant to Plaintiff's mental capacity during the relevant  
10                  timeframe.

11                 **6. Written Discovery.**

12                 Defendant intends to propound written discovery permitted by FRCP  
13                 31,33, 34, and 36. Defendant reserves the right to seek an Order allowing a  
14                 Rule 35 medical examination of Plaintiff.

15                 **7. Expert Disclosures.**

16                 Consistent with FRCP 26(a)(2), Defendant proposes that initial expert  
17                 disclosures be made on or before March 30, 2021, with rebuttal expert  
18                 disclosures due on or before April 30, 2021.

19                 **8. Dispositive Motions.**

20                 Pursuant to LR 26-1(e)(4), Defendant proposes that dispositive motions be  
21                 filed within 30 days of close the of discovery, that is, on or before July 30,  
22                 2021.

23                 **9. Trial Setting:**

24                 Defendant requests that a bench trial as to the limited issue of Plaintiff's  
25                 legal capacity to enter into the SCA be set at the Court's convenience, at a  
26                 time not less than 60 days from this Court's ruling on any dispositive  
27                 motions to be filed.

6                                  met and conferred about the possibility of using alternative dispute  
7                                  resolution processes including mediation, arbitration and if applicable,  
8                                  early neutral evaluation. The Parties further note Plaintiff has filed a notice

10                                 matter being referred to the Ninth Circuit Mediation Program.

11                                 2. Alternative Forms of Case Disposition: Counsel for Plaintiff and  
12                                 Defendant have considered consent to trial by a magistrate judge under 28
